Clear Cut Statements that Will Be Engerly Read By the Public-A Mendacions Press.

From the Denver Republican.

Rev. Henry W. Pinkham, pastor of the First Baptist church of this city, hands us the following list of questions propounded by a classmate of his to President Andrews of Brown university, and Dr. Andrews' reply thereto. Believing that anything so source, will be eagerly read by the public, we here reproduce the ques tions and answers, as follows:

1. Do you favor the free coinage of silver at the ratio of 16 to 1 by the United States without waiting for aid from any other nation?

2. Could the United States, having adopted such free coinage, maintain the practical parity of the gold and quoted above great weight in the the silver dollar?

3. Would not free coinage by the question. United States alone lead to a complete displacement of our gold? Why not?

4. Would not the effect of the recent increased production of gold as compared to silver be counterbalanced in the event of free coinage by the stimulus thus given to silver mining and by the influx of foreign of July 25, urges in behalf of the silver?

LABOR DAY PROCLAMATION.

TERRITORY OF ARIZONA.

EXECUTIVE OFFICE.

By national authority the first Monday in September, the seventh day of the month, is designated as a legal holiday, to be known and celebrated as Labor Day.

This is but just and proper recognition of the great agency that has caused our country to stand first among the nations of the world. Every ship that rides upon the seas, all of the great armaments of our sea coast, all of the great armaments of our sea coast, all of the great highways of commerce that traverse our country, all the grandure of our cities, all of our splendid agricultural development, are monuments of labor. In no country of the world has labor been more fully recognized and honored than in ours. Among its other grand achievements it has been the mission of our country to ennoble and dignify labor, and no people of our republic more fully sympathize with the workingmen than do the people of our terrtory. Now therefore, I. Benjamin J. Franklin, Governor of the Territory of Arizona, by virtue of the power and authority in me vested, do hereby proclaim Monday, the seventh day of September, A. D. 1836, a holiday, and I do hereby recommend and request that all places of business and public offices be closed day of September, A. D. 1884, a model of do hereby recommend and request that all places of business and public offices be closed on that day, and that the people of the territory jo'u in a universal observance thereof.
